

ALDA ELLSA FARADILLA

Data Analyst | Business Intelligence | Dashboard Development

Ngawi, East Java, Indonesia | aldaellsaf@gmail.com | [linkedin.com/in/aldaellsa](https://www.linkedin.com/in/aldaellsa) | aldaellsaf.netlify.app

PROFESSIONAL SUMMARY

Information Systems graduate (GPA 3.82/4.00) with hands-on experience in data analysis, data cleaning, and dashboard development. Analyzed workforce and attendance data for 240 employees at PT United Tractors Tbk. and designed 4 Looker Studio dashboard prototypes for HR and management. Proficient in Excel, SQL, Python, Power BI, and Looker Studio, with machine learning training from Bangkit Academy. Detail-oriented and analytical, with a strong record of turning raw data into clear, actionable insights.

SKILLS

Data Analysis: Data Analysis, Exploratory Data Analysis (EDA), Data Cleaning, Data Processing, Data Validation, Data Entry

Data Visualization & BI: Power BI, Looker Studio, Microsoft Excel, Streamlit

Programming & Databases: Python, SQL, MySQL, Visual Studio Code

Machine Learning & Other Tools: Machine Learning, Forecasting, Dataset Exploration, Data Integration, Microsoft Office, Figma

Languages: Indonesian (Native), English (Intermediate)

Professional Skills: Analytical Thinking, Problem Solving, Communication, Public Speaking, Leadership, Time Management, Collaboration

WORK EXPERIENCE

Administration Staff (Data Processing) | Inkanas Ngawi, Ngawi Oct 2025 - Nov 2025

- Cleaned, validated, and categorized data for 500+ participants in Microsoft Excel, running consistency checks to ensure accuracy and analysis readiness.
- Organized participant data by class, category, and age group using Excel filtering and sorting, improving data accessibility for reporting and operational review.
- Collaborated with registration and technical teams to resolve data inconsistencies and verify certification records for 200+ participants, ensuring data integrity and traceable documentation.

Data Analyst Intern | PT United Tractors Tbk., Jakarta Sep 2024 - Dec 2024

- Designed and presented 4 dashboard prototypes in Looker Studio (Employee Health, Disease Monitoring, Personalization, Department Resolution) using a simulated dataset of health indicators (blood pressure, glucose, BMI); received positive stakeholder feedback for planned implementation.
- Analyzed attendance and rotation data for 240 employees from check-in/check-out records and schedules, producing department-level trend visualizations and insights to support HR and management decisions.
- Built a workforce requirement model in Excel by applying a replicable calculation framework backed by literature review, supporting data-driven workforce planning.

EDUCATION

Universitas Negeri Surabaya Jul 2021 - Jul 2025

Bachelor of Information Systems | GPA: 3.82/4.00

- 2nd Place, National LKTI (Scientific Paper Competition), UNAND 2023.
- 3rd Place, National UNESA Business Competition (UBC) 2023.
- Research Assistant for faculty members.

PROJECTS & TRAINING

Machine Learning Cohort | Bangkit Academy (led by Google, GoTo, and Traveloka) Feb 2024 - Jun 2024

Program by the Ministry of Education, Culture, Research, and Technology

- Completed training in data processing, dataset exploration, data integration, data visualization, and machine learning.
- Coordinated the capstone project with Amati Indonesia: LuxTrace, a luxury brand tracking application designed to monitor the shoe production process.

LEADERSHIP & ORGANIZATION

Staff, Research and Technology Department | BEM Faculty of Engineering, UNESA Jan 2023 - Dec 2023

- Project Leader, National Poster Design Seminar & Competition 2023: led concept development, budgeting, and timelines for an end-to-end national event.
- Supervised a 34-member committee across meetings, registration, preparation, execution, and post-event evaluation.
- Secured partnerships with speakers, judges, and media partners; delivered the event with 36 seminar and 14 competition participants.
- Coordinator, PDD Division, PKM Training 2023.
